**COCOON**

by Claesson Koivisto Rune

## TECHNICAL DATA

**COCOON** by Claesson Koivisto Rune

A family of sofas and chairs encompassing six elements; the classically proportioned club chair and sofa, the more compact tub chair and sofa and the high back sofa and high back chair. The club range has a low, open, horizontal feel. The tub range has a higher seat and back height with a smaller footprint, hence it is ideal for space saving solutions. The back and arms of the high back sofa create a semi-private space and the taller back and arms of the high back chair create a private cocoon. Produced using a hard wood frame and CMHR multi density foam. Featuring an optional aluminium trim detail at the base, Cocoon is available in a wide range of contract fabrics or leathers.
